

12th March 2020

Dear Parents/ Guardians

RE: Coronavirus

We continue to consult with Public Health England to ensure that we follow the latest advice regarding the Covid-19; coronavirus. Current advice remains in place: no school should close in response to a suspected (or confirmed) COVID-19 case unless advised to do so by Public Health England.

This is not a decision that a Headteacher can take without external authorisation.

Staff, parents and children are encouraged to follow good hygiene practices- washing hands, using tissues etc. Children are also making good use of the hand sanitisers we have in school.

There is a new helpline to answer questions about COVID-19 related to education. Staff, parents and young people can contact the helpline as follows:

Phone: 0800 046 8687

Email: DfE.coronavirushelpline@education.gov.uk

Kind regards

Mrs Clare Scott
Headteacher
